

KEEP DATA CENTERS OUT

**OF ROUND ROCK,
OUR COMMUNITIES,
OUR ELECTRICITY BILLS,
OUR WATER AND AIR
QUALITY!**

ACT NOW AT:

PROTECTROUNDROCK.ORG

WHAT'S HAPPENING?

Skybox has proposed building a data center on Old Settlers Blvd, east of A.W. Grimes. City Council has called a public hearing and then will decide.

WHY DOES IT MATTER?

Data centers cause water and air pollution, imperil the health of people and wildlife, use massive amounts of water and electricity, increasing our utility costs and worsening shortages. There's nothing in it for us.

HOW CAN I STOP IT?

Take action on ProtectRoundRock.Org
Spread the word, engage your community.
Follow @ProtectRoundRock on Social Media
for Updates and posts you can share online.

Attend the public hearing: **Thursday February 12 6pm**
at Round Rock City Hall !
